

PRESS RELEASE

For Immediate Release

TACTile Studio, Inc. Opens Physical Studio Location

Art studio and retail boutique located in the historic Screw Factory Building.

Lakewood, OH – July 1, 2022 - TACTile Studio, Inc., a local online retail boutique, has leased a 1,250 square foot space inside the historic Screw Factory Building. Plans for the space include a retail section displaying original art, handmade jewelry, and other wares as well as a classroom section to provide art instruction for individuals and groups.

“I’m thrilled to have a physical location in this historic property again,” said Terry A. Cutlip, Owner and Artist behind TACTile Studio, Inc. “This building is full of local small businesses, entrepreneurs and fellow artists and I am honored to be amongst them again! I previously had a smaller space here nearly a decade ago and I have been waiting for the opportunity to secure space again. Artists and entrepreneurs love the building so much that it’s rare for spaces to be open and available for long.”

Work will begin on the space in the coming weeks with a grand opening celebration planned for August 26, 2022. The event will be held from 5:00pm to 10:00pm. TACTile Studio, Inc. will have new and never before seen original art, art prints and wall décor, and other small gifts available for purchase. There will be a selection of small bites along with wine and non-alcoholic beverages. There is free on-site parking available.

TACTile Studio, Inc. is a local retail boutique highlighting the art and graphic design works of Terry A. Cutlip. Prior to the opening of the studio boutique her work was available for purchase online. Ms. Cutlip has been in the creative sector for over two decades and has had her works enjoyed by nearly 100,000 clients worldwide in various formats.
